

ENCI TOURISM PRODUCT DEVELOPMENT GRANT

2022/2023 APPLICATION PACKET

Purpose:

Explore Newnan-Coweta, the destination marketing organization for Coweta County, is solely funded through funds collected from a local occupancy tax on lodging sales. The goal of ENCI is to promote Coweta County as a preferred visitor destination with emphasis on leisure travel, sporting events and tournaments, meetings and conventions, corporate and transient travel, cultural activities, film and special events.

ENCI has established a reimbursement grant program to assist local partners in marketing tourism attractions, projects or events exhibiting positive tourism potential for the Coweta County area and attracting new overnight visitors. Partners can apply for up to \$5,000 to make specific tourism marketing enhancements to a particular project or event, research potential product development or to generally promote, or enhance the promotion of, a tourism location. Decisions on funding are made by a team of grant reviewers along with the ENCI staff. Final grant recipients are approved by the ENCI board of directors. The goal of these funds is to attract new visitors to Coweta County and therefore stimulate an increase in hotel/motel occupancy, expenditures by visitors to Coweta County, and to promote a positive image and increased visibility of the county's assets.

An investment in tourism provides a trickle-down effect for the community: a stronger, more diverse economy, an influx of substantial revenue, increased sales tax collection, lower taxes and an improved quality of life for Coweta County residents who partake in restaurants and retail operations, cultural and recreational attractions, and entertainment options that are supported and sustained through visitor spending.
